Summary	<p>The Handbook presents a description of “good practices”, “innovative practices” and formative experiences based on the implementation of Belgian community-based Reform model’s projects. The experiences are described in a coherent and convivial manner and are supported by recognised scientific data. Each module discusses a topic relevant to the reform:</p> <ol style="list-style-type: none"> <li>1. Housing</li> <li>2. Cooperation with front care</li> <li>3. Governance of networks</li> <li>4. Participation and empowerment of users and relatives</li> <li>5. Socio-professional inclusion</li> <li>6. Mobile teams for users with acute psychological problems</li> <li>7. Mobile teams for users with chronic, long-term psychological problems</li> </ol> <p>A website showcases the full versions of the innovative practices.</p>
Does the paper refer to People with Mental Health Problems, NEETs or MH NEETs?	<input checked="" type="checkbox"/> People with MH Problems <input type="checkbox"/> NEETs <input type="checkbox"/> MH NEETs

<p>What types of intervention or methodology of career counselling / vocational training / career intervention or good practice are mentioned?</p>	<ul style="list-style-type: none"> <li>• Professional psychiatric rehabilitation is a set of phases and activities that engage the user to be an active partner in the choice of his professional objectives and in the development of the activities and support he needs. It therefore requires a significant and long-term commitment on the part of the user. The work of the professionals consists, in particular, in helping the user develop and maintain his or her commitments. Even after a job is obtained, the professionals remain involved to continue supporting skills, accommodations and changes.</li> <li>• Project Job coaching in mental healthcare</li> <li>• Methodology WerkWerkt!</li> <li>• Cap insertion module</li> <li>• Job-Art initiative</li> <li>• Zowezo-Team cooperation model</li> </ul>
<p>Does the paper mention any specific tools used during the work integration process (evaluation, counselling etc)? In case the paper refers to a good practice provide a brief description.</p>	
<p>Does the paper mention any <b>barriers in the work integration process produced by</b> family members, MH professionals or careers counselors?</p>	<ul style="list-style-type: none"> <li><input type="checkbox"/> family members</li> <li><input type="checkbox"/> MH professionals</li> <li><input type="checkbox"/> careers counselors</li> </ul>
<p>Main Conclusions (in bullets)</p>	<ul style="list-style-type: none"> <li>• Reorganisation of MH offers needs to take the needs of users and their relatives into consideration. All actors involved need to move focusing on recovering and implementing dynamic network in which experience and expertise complement mutually.</li> </ul>
