Summary	In this article published in L'Orientation, the magazine of Quebec guidance counsellors, André Parent presents some basic principles to know in order to intervene effectively with people with an Autism Spectrum Disorder (ASD).
Does the paper refer to People with Mental Health Problems, NEETs or MH NEETs?	<input checked="" type="checkbox"/> People with MH Problems <input type="checkbox"/> NEETs <input type="checkbox"/> MH NEETs
What types of intervention or methodology of career counselling / vocational training / career intervention or good practice are mentioned?	

<p>Does the paper mention any specific tools used during the work integration process (evaluation, counselling etc)? In case the paper refers to a good practice provide a brief description.</p>	
<p>Does the paper mention any barriers in the work integration process produced by family members, MH professionals or careers counselors?</p>	<ul style="list-style-type: none"> <input checked="" type="checkbox"/> family members <input type="checkbox"/> MH professionals <input checked="" type="checkbox"/> careers counselors
<p>Main Conclusions (in bullets)</p>	<ul style="list-style-type: none"> • Individuals with ASD too often adapt to the world of neurotypicals only with difficulty and a great deal of anxiety and distress. Guidance counsellors need realistic and achievable ways to help them.
